

Bose, 17th February 2021

Ms. Aikaterini Zouchra has been working as a simultaneous interpreter in thirteen International Ecumenical Conferences on Orthodox Spirituality at the Monastery of Bose, Italy, from 2007 to 2019.

She performed her task with excellent results, unanimously acknowledged by a specialist public, translating either from Greek into Russian or from Russian into Greek, and occasionally also from and into English.

We highly valued her professionalism, her precision on technical vocabulary (theological, liturgical, historical terms), and her easiness in performance.
